## Summary

An enthusiastic web developer who enjoys solving challenging problems and learning new technologies continuously. A self-starter with a strong work ethic who is keen on writing clean code and delivering user-friendly features.

## Experience

### Front End Web Developer

LabX Media Group - Midland, Ontario

06/2021 - Present

- Building modular components using React.js and Pug.js and delivering performant features across 4 magazine brands that serve over a thousand online users every day
- Increasing advertisement revenue by 10% through updating the product page and displaying logos on all the sponsored content with reusable JavaScript methods and pug components
- Improving mobile UX by implementing parallax ads that are set up using Google Tag Manager
- Enhancing SEO and accessibility by dynamically and responsively inserting image alt texts, captions, and references across 11 different article's layouts

### Mobile App Developer (Volunteer)

RockBase - Toronto, Ontario

06/2021 - Present

- Resolving production issues by debugging and implementing solutions using React Native and Expo
- Optimizing UX by upgrading scrolling features on the Profile Edit Page such as creating a button that indicates the page can still be scrolled down and allows users to click on it for auto-scrolling

### Full-Stack Developer

Fluent.ai - Montréal, Quebec

01/2021 - 06/2021

- Developed and maintained high-quality code for a complex MLOps system that collected and cleaned data for AI model training purposes
- Increased work efficiency by 20% through developing UI and APIs that automated the process of grouping audios and tagging speakers
- Prevented potential downtime by implementing end-to-end testing using Cypress and integrating it into GitLab CI/CD
- Facilitated error tracking by using a Node.js logging library on backend APIs for audio grouping and data cleaning

### Coding Mentor

Clever Programmer / Canada Learning Code - Remote

02/2019 - 01/2021

- Participated in online courses at least 2 times a month and mentored over 300 students in total on various programming topics, such as HTML, CSS, JavaScript, and SQL

## Skills

Proficient with: JavaScript / React.js / Node.js / HTML / CSS / SCSS / MySQL / MongoDB / Git / Pug.js / Cypress / Jira

Familiar with: Java / React Native / AWS

## Education

### Computer Programming Diploma (4.0 GPA, Graduated with Honours)

Georgian College - Barrie, Ontario

09/2018 - 08/2020

### Master of Social Science

National Taipei University of Education - Taipei, Taiwan

09/2015 - 06/2017
